

# STABILicers LITE

Email us at [mail@GiveTheBest.com](mailto:mail@GiveTheBest.com) for more information

## Serious Traction Gear

Whether you're going for a winter walk, getting the mail, going to the store, or out shoveling snow, STABILicers LITE provide confidence-inspiring GRIP. With aggressive cleats and tread,

STABILicers LITE provide the unbeatable traction STABILicers are known for at a very attractive price point. Made from the same elastomer as the STABILicers SPORT, the STABILicers LITE's perimeter attachment system offers an easy on/off design while securely fitting virtually any shoe or boot. STABILicers LITE's multidirectional case hardened steel cleats bite into ice and snow allowing you to stride naturally through the worst winter weather.

### STABILicers LITE Features

- ↳ Perimeter Attachment System: Offers easy on/off design while securely fitting virtually any style footwear.
- ↳ Proprietary Elastomer: Provides superior durability and memory.
- ↳ Aggressive Tread: Provides traction on ice, snow and even snow covered ice.
- ↳ Steel Multidirectional Cleats: Provides superior traction.
- ↳ Heel and Forefoot Cleats: Provides traction throughout your natural stride.
- ↳ Dual Traction System: Elastomer tread and cleat contact walking surface simultaneously.
- ↳ Light Weight: Less than one pound per pair.
